WE give in to-day's paper a list of Union meetings called by the county Committee. Let the Union men see that the notice is as widely disseminated as possible and that the meetings are well attended. The issues to be decided are most vital, and every loyal man should aid in promoting the cause. Mr. McUrre, the Union candidate for Assembly, will speak at nearly all the meetings announced, and Hon. John Cessan. of Bedford, will probably speak at several of them. His appointments will be announced in due time.

ATTEND TO THE ASSESSIENTS!—Let no Union soldier lose his vote because of the neglect or indifference of friends at home. Have your son, brother or neighbor assessed without delay, pay his county tax of ten cents, and send the evidence thereof at once to him by mail—together with the Union ticket, or a list of the Union nominations. Careful attention to this matter will give us hundreds of votes that will otherwise bots. Union men! do at least this much for the brave men who are fighting the battles of the free!

Righting the battles of the free!

We give in to-day's paper the able and pointed iddress of the Union State Committee, and earnessly commend it to the candid consideration of every patriot. It elently demonstrates the studied, persistent hostility of the Democratic party to the soldiers voting, and conclusively vinicates the candidates and policy of the Union party. When shall we hear from the Democratic State Committee congratuating the Army and the Country that our gallant soldiers can now peril their lives to preserve the Republic without forfeiting their rights as etizens?

THE CONGRESSIONAL CONTEST.

THE CONGRESSIONAL CONTEST.

Gen. Wm. H. Koomiz, the Union candidate for Congress has filled his appointments in Adams and Frunklin, and will devote the remainder of his time until the election in the western countries of the district. He spake in Clamberburg on Tyseday evening of last week, and went to Adams the following day. 'Un Saturday evening, he returned to this country and addressed the people of Waynesboro in the evening—on Monday evening he spake at Greeneastle and on Tuesday evening at Merceroburg. In each place he had large and most ethnissistic audiences, and most ably and eloquently defended the Union causes. He has was furthinestic and in time off in our country the admiration of the Union mea, and the respect of even his political fors for the cambor and ability with which he discussed the issues and ambidates before the people. We feel quite sure that he left the caunty with himself and his cause materially strengthened by his bireferanting with us.

We feel quite sure that he left the county with himself and his cause materially strengthened by his bird cause materially and index to Congress, will speak in our County at several points, and we would urge Union men and Democrats to unite in heaving his pratiently and impartially and indge him by his record and his declaration of principles. We are for the wides dissemination of the trath, and we true that no Union man will shrink from it. We feel well persuadedschut if Gen. Cofforth and Gen. Koontz could be hearth by all the voters of the district, the former would be condemned by the largest majority ever given by the same counties in a Congressional contest. If Gen. Cofforth will but frankly and manfully present his Congressional cottes to his constituents, and attempt to defend them, no man who has the surfeces of our brave armies, at heart, or who would have the Union triumph in its deadly struggle with treason, would vote for him. No matter what might be his party affinities, on father, bother, relative or even friend of our soldiers in the field—no man with even ordines in the field—no man with even ordines and maintain the credit of Congress against every measure to fill up the thinned ranks of our trave armies, and as carriedly and uniformly opposed every measure presented to raise revenue to pay our soldiers and haintain the credit of the Nation. Cofforth kinded. It is well to see and know the kind of material that is proposed by the Democratic party to fill the highest and most acred representative trust in the gift of the people, and to know with what fideity he adheres to the borrowed logic and absorbed perfully of the fathless to always the proposition of a well attested wrong, and would make his shame the common inheritance of his constituents.

they manifested will be endorsed at the publis in October next.

The Democratic candidate will doubt-less be Hon. F. M. Kimmell, who served creditably as Judge from 1851 to 1841. He has heretofore advocated a vigorous prosecution of the war in his speeches in this country, but what he will do with the prosecution of the war in his speeches it chis coundy, but what he will do with the Chicago Péace Platform confronting him and enveloping his ticket, is for himself to decide. He will soon make his record, and by that he must be judged regardless of what he must he judged regardless of what he may have been. No man can approach the Chicago platform with words of approbation and survive it. We know where Judge King stands—where stands Judge Kinmell?

We beg leave very respectfully to suggest to the Peace Democracy that they it the than a little at patching up a peace in their own party to prove how well they are make peace with untridenus fraitors. If they can't exactly declare their internal war a "failure" they may with great propriety demand an channed-late exaction of hostitities. THE veteran old Democratic Statesman Gen. Lewis Cass kicks over the Chicago platform because it is wanting in fidelity to the proservation of the government; and Vallandigham and Ben. Wood kick over the Chicago candidate because he is wanting in fidelity to the platform. If the War Democrats go against the ticket because of the platform, and the Peace Democrats go against the ticket because it don't square with the platform, about how much may be left of the Democracy by the idea of Naveisher! Will old Berks be certain! For particulars, see returns from Vermont, Delware and Maine!

THE Lidicaster Daily Intelligencer, the Democratic organ of that cointy, can't see any conflict between Gen. M'Clellan's acceptance and the Chicago Pence pinform. It mays ""Some of our Democratic friends are archived to the opinion that Gen. M'Clellan, in his letter of increptance, reputintees the platform adapted by the Convention which nominated him.
