array their visibles against the colload with frascraal blood.

Mr. P. P. Black, fire, went to Bishmond a few weeks age, osteasibly to recover some valuable pagers, said to have been stolen by the rebels when they occupied his premises in July of last years tout it was clear to most persons who knew the character of Mr. Blair that he did not go to Bishmond solely fee the recovery of his private pagers. If they were taken, and could be precured again, a brief fource-pondence within the rules prescribed by the government would have answered the purpose. Mr. Blair evidently had a higher purpose for his mission. He went with the hope that he could bring about an adjustment. What assurances he had we do not pretend to know. He may have been lavited there; he may have been sent there by Mr. Lincoln, or he may have been ship the sole of the could bring about an adjustment. What assurances he had we do not pretend to know. He may have been sent there by Mr. Lincoln, or he may have been sent there by Mr. Lincoln, or he may have gone on his own conviction that the fine has coine for friendly intervention. At all events he went to Richmond, and returned; and after a protracted and strictly condidenced in Interview with Mr. Lincoln he steps on board of a steumer that had been kept in resultiess for him, and he had not been be seek noturiety. He is past the years when he would thrust him, and he had you may be not be not been some for the many have the new to be supported to Mr. Lincoln, and gone take the war: but we are greatly mistaken if them are not reasonably fair prospects have been supported to Mr. Lincoln, and gone had be had you and said it then returned and reported to Mr. Lincoln, and gone back to may more. All this may fail to close the war: but we are greatly mistaken if there are not reasonably fair prospects to send the conflict before the springs cain page opens.

NE. KELLY, of Washington, has taken with the table, the state of the table, dissipition in the lagistative, by differing a mischella for the applicative, by a differing a mischella for the array rote of the energy rote practised by return judges and Prothonotaries in various localities. In several Receiver of the energy rote of the energy did not an end of the array vote. On much of it as would enable them to certify, Domocratic candidates elected. This was the case in Adama, Pulfon, and Bedford, and it is alleged that the same frand was attempted in the Union, 50 yder and Lyconing district. The design of Me. Kelly's resolution is to get the facts fully before the House, and then remedy the wrongs by such laws as many be necessary to preserve the integrity of our elections. We did hope that Mosars. Mayers and Findlay would contest the sents of Armstrong and Rose, and thus enable the House to get at the bottom of the intrigues and frauds practiced in this Congressional "and Judicial district and in the Legislative, district west of us; but Mr. Meyer considered allowed the better part of valor, and he abandonged the field to avoid an exposition of this attempt to get into the House in definance of the voters of his district. Am. Kelly will likely, supply this shapter in the history of Democratic management in the border counties, and every honesis man will congratulate him when he has accomplished it.

We give in another column of to-day's paper the new hoard of Directors of the Southern Pennylvanian and Councillarithe Railroud Company. We learn that the work is being unded as a rapidly as possible considering the great searchy of labor and every honese man will congratulate him when he has accomplished for no bring the connection with the Cumpany will not reach to the end of the rote of the round drangement of subandon the connection will the a
