that he was not only a good man, but also a man of great personal integrity.

All the movements of the young orators subsequently proved to all who heard them, that the President of the Convention and his associate, had fully discharged their duty to both students and parents. That this movement, so eloquently elicited near the village of Charlottesville, is a legitimate, by the good management, progress rapidly to increase and distinction, in building up and forming character for the good of God and their fellow-men, is the motto with which the **CONVENTION**.

Democratic Meeting.

Whereas, the Democratic State Executive Committee of Virginia, assembled at Richmond, on the 10th day of July, instant, did, for the purpose of revising, if possible, that part of our platform which is essential to success;

Be it resolved, As the opinion of the Committee, that it be recommended to the Democracy of Virginia, that they assemble in Convention at Charlottesville, on the 10th day of August, 1860.

A meeting of the Democrats of Augusta, favorable to sending Delegates to the Charlottesville Convention, recommended above, will be held at the Court House on the 10th day of August, 1860.

It is promised to be present and address the Democracy of Augusta, and no other than the Hon.

Wm. H. Seward, if he can be present.

The audience of the Democrats, respectively, make up the audience.

A Proposition to the Democracy of Virginia.

We, the undersigned members of the Democratic party, in view of the existing difficulties of our party, and the various differences between the two wings of the Democratic party, propose to the party in Virginia the following compromise, viz:

Have but one national ticket, and cast votes for the election of the whole of Virginia for either Douglas or Johnson, whichever he may be elected President.

John C. McRae, T. W. Collier,

J. C. Marquis, H. B. Michie, Jr.

Wm. H. Payne, R. H. Baylor,

L. V. Abell, T. W. Collier,

To the National Democracy of Virginia.

Acting under the authority lately vested

in me by the National Democratic Executive Committee, I earnestly request those

Democrats throughout the State who are in

favor of the election of Stephen A. Douglas and Horace V. Johnson, the regular nomi-

nates of said party, to send delegates to a

convention and mass meeting to be held at

Staunton on the 10th day of August next,

for the purpose of framing an electoral tick-

et and transacting such other business as

the exigencies of the case may require.

JOHN A. HARMAN,

National Committee-man for Virginia.

To the Democracy of Augusta.

It is important that every Democrat in

the County who is in favor of maintaining

the regular organization of the party, and

supporting the nominees of the Democratic

National Convention, Douglas and Johnson,

be in Staunton on Monday next. It is

hardly necessary for us to more than men-

tion the fact, and urge upon our friends to

come in at every hazard. Those who speak

in behalf of the Seceders will be answered

by some competent person, we cannot, how-

ever, say who, at this writing.

John A. Harman, will attend to the

matters of vital importance to attend to

the Virginia Delegation.

We call upon A. Tyler, Esq., Secretary

of the Virginia Delegation at Charleston

and Baltimore, to publish the proceedings of

that body at those two Conventions. It is

highly important at this time that they

should be made public. It is due to the

Democracy of the State, and especially to

the members of the Delegation, that the pub-

lication should be made. The express un-

derstanding was that they be published imme-

diately after the adjournment of the Con-

vention. Nearly a month has now elapsed

since that time, and yet nothing has been

seen of the proceedings. Let us have them

either through the metropolitan press, or in

newspaper, and we will insert them in the

Vindicator.

To the Work.

Let the friends of the Union, the Constitu-

tion, Non-Intervention, and the regular

old-line Democracy, in Highland, Bath,

Powderhouse, Fredericksburg, Rock-

bridge, Rockingham, Shenandoah, Augusta,

and the counties adjoining them, get to work

and organize, and appoint delegates to the

Charleston Convention, which meets on the

16th of August. Action! action! action!!

is the word.

Public Speaking.

Dr. S. H. Mifflin, one of the delegates

to the Charleston and Baltimore National

Conventions, from this District, will address

the Democracy of Augusta County, on Mon-

day next, (Court-day) in vindication of him-

self and colleagues. We earnestly hope that

every true Democrat in the county will be

present on the occasion. Other business of

importance will also be considered.

The Magazine.

On Wednesday last, burnt glass was in

down, as that was the day on which the

explosion of the mine was visible. We noticed

it about half past eight o'clock, when the

extinct of the engine was about 40 digits, or

less than one-third of the sun's surface. This

is the last solar eclipse that will be

visible here during the present century.

Breckinridge and Lane resolutions were

left on the table in Prince Edward County

recently. Price and Hubbard supported

and Cheever voted against them.

See first page for editorial and other po-

litical news.

West Virginia:

It will be seen by the notice in another

column, that the friends of Breckinridge

and Lane have called a meeting for Friday

next, to appear before the State Democratic

Convention, held at Wheeling, on the 16th

of August, to nominate Bell and Everett,

and announced themselves for Breckinridge

and Lane. This, like a majority of

the remaining adherents of the Di-

minion-Seceders, prove to be a horrid

hostile to the South.

Instead of endorsing Breckinridge and Lane,

they have selected a thorough organization

in the State, appointed their electors, &c.

and are actively engaged in the cause of

Breckinridge and Lane, which cannot fail to

throw the electoral vote of that State for

Douglas and Johnson.

This like other rumors of a similar char-

acter, has had a tendency to encourage the

friends of Mr. Breckinridge in the belief

that he stands a fair chance to get the

House in the event of a failure to elect by

the people. It is unfounded, however—

The conservative men of the country see

the means employed to make capital for

Breckinridge and Lane, and cannot and

will not fail to visit a whithering condem-

nation upon those who are willing to thus

wantonly sacrifice the Democratic party and

the dearer interests of the country. The

people—those whose rights of property and

person are directly involved in the perpetua-

tion of good government and the main-

tenance of order—cannot be trifled into

the fearful snare set for them by Yancey

and his followers. False appeals and false

statements can readily be detected, and we

are confident in the belief that the honest

masses will recoil from the touch of a fac-

tion whose existence and strength depends

upon such deceptions. We warn the two

friends of the Union and the Constitution

to stand firm to the regular Democratic or-

ganization. Let them be vigilant to dis-

cern and expose the wrong and proclaim the

right, and the reward will be the elevation

to the Presidency of the Great Com-

monwealth of the Age. Stephen A.

DOUGLAS.

The Difference.

The Seceders left the Convention, because

one democratic delegation from several States

was preferred over another. There was no

principle involved in the matter. They did

this under the advisement of the two Sena-

tors from Virginia, and a majority of

the Southern delegations.

What are Judge Douglas' chances?
