was hould be greatly pleased, therefore, to see this effort of the young men of our town satissly successful, and kept that those to whom they have the right to look for assistance will not be beackward in leading it. It is proposed not be beackward in leading it. It is proposed to adopt the old Continental outform, which is said to be very handsome; and we presents that if the Conrany should be gotten up, the accellant band which we have now in Stanton will be obtained for all public parades.

While of the subject of military organizations we may express the long that the Legislators we may express the long that the Legislators we may express the long that the Legislators we may express the long that it is some form. The old system may be, doubtless, much improved, but even that would be better than no solitory.

We are not sufficiently familiar with military affairs to venture the suggestion of any point in a dealify that the Convention at Lecompton constitution, was adopted chansimonally: "Lessification to the first that or continuous of the office of the control of the first that or continuous of the office of the control of the control of the control of the own to that a system which would provide the table by a vote of eight to seven; but the control of the own to that a system which would provide the table to the Convention at Lecompton, and stantine, and the subject to the legislators of the following was adopted chansimonally: "Lessified," the control of the own to the convention of the office of the control of the own to the convention of the office of the control of the own to the convention of the office of the control of the control of the control of the own to the convention of the office of the control of the own to the convention of the office of the control o when the sufficiently familiar with military at fair to venture the suggestion of supplies instead in the state of the sta
