NUMBER 42.

## WHAT HAS BEEN ACCOMPLISHED IN FIFTY YEARS.

## A SINGULAR MONSTROSITY.

## ANDREW JACKSON.

The Philadelphia correspondent of the New York Tribune, under date of April 2d, had the following:

"A child, seven months old, was recently brought to the Jefferson College Hospital from the western part of the State, having appealed to its left cheek a large mass of flesh, somewhat resembling a tumor. This mass grew more rapidly than the child itself. At birth it was no larger than an apple, but when brought here last month it was nearly a foot long. Its surface was neither smooth nor regular, but was divided into several globular masses, while pulsation was distinctly perceptible, regular and uninterrupted, from forty to a hundred beats per minute. It was traversed by large artery, showing that it was largely supplied with blood. The tumor was connected to the child's cheek by a peculiar and like membrane, pierced with holes, and its presence was a source of constant irritation to the child, though supported by the mother's hand. How to remove this huge tumor without destroying the life of the child was the great surgical problem. The parents, warned of the danger, were yet extremely anxious to have the frugal parasite taken off. Dr. Pahous, under whose charge the patient had been placed, decided that the use of the knife would result in a fatal hemorrhage, and determined to divide the skin like membrane by using a French surgical instrument, the *erraser*, which, by forcing down the skin, and bruising the vessels thoroughly before the chain of the instrument cut through the mass, effectually prevents all serious bleeding. The operation was performed in presence of an immense assemblage of medical men, students and others.

"The child was placed under the influence of ether, when all pulsation in the parasite was observed to cease. The instrument being applied, the chain was rapidly worked until the parts were well compressed, and afterwards very slowly. In fifteen minutes the tumor came away with the instrument, the chain having worked through the connecting membrane, while scarcely a drop of blood followed the removal, and but one small vessel required a ligature. The surface left on the cheek was about two inches square, and the tumor weighed two and a half pounds. The whole operation was entirely successful, and the child lives and has fully recovered. But the extraordinary part remains to be told. The tumor thus taken off was found to contain a living child, imperfectly developed; it is true, but still a living child. Fingers were seen, and a portion of a rudimentary arm. The intestines were well developed, and no doubt was entertained of its being a male child. The body, presumed to be the heart, contained, imperfectly formed, auricles and ventricles. The mesenteric arteries and veins were of large size. The dissecting knife came repeatedly in contact with the sanguine matter of a rudimentary skeleton. Fat was found in large quantities everywhere. It was, in fact, a repetition of the Siamese Twins, only less perfectly developed. These results were received with profound astonishment by the crowded audience who witnessed the operation. The case is said to be unique in the annals of human malformation."

BLACK REPUBLICANISM IN PENNAY-

ANIA.—In the House of Representatives of the Pennsylvania Legislature, a bill

was introduced to prevent the marrying of negroes with white people, and imposing a penalty upon any clergyman or officiant for performing the marriage ceremony between such black and white persons.

The Republicans have a majority in that branch of the Pennsylvania Legislature,

and were they at heart opposed to the doctrine of negro equality, there was a capital opportunity to show to the world their opposition to that detestable heresy.

But, true to their love for negroism, these Republicans voted to indefinitely postpone the bill—thereby confessing that they believe the negro is as good as the white man, and that they will interpose no barrier to prevent the black man from mixing with their blood and becoming their social and civil equal. This is Black Republicanism, the Northern States over.

A Pennsylvania paper looks upon this as one of the most atrocious acts ever committed by a legislative body, declares it an insult to the whole white population of the State

and that the men who thus bring us to shame, should be cast into utter obscurity by the unanimous voice of their diagnosed and insulted constituents. But such is Black Republicanism, and such the men by whom it is propagated and maintained.

Negro voting and negro intermarrying with the white political and social majority; what a party constitutes and supports such doctrines as these, it is not hard to see that the white friends of negroity have succeeded to put it down for the time being.

## VALLEY SPIRIT.

Chambersburg, April 20, 1860.

### Elegies Addressed.

We publish a very eloquent address delivered before the High School of Philadelphia by our valued friend Daniel Deaconay, Esq., who's thrilling speech in our Court House in 1856 will never be forgotten by those who had the good fortune to hear it.

### Postponed.

The Address of the Democratic State Central Committee and the proceedings of the Court of the District of Columbia in the Surratt case, occupy so much of our space that we have no room for editorials. For the same reason Mr. O'Meara's Report on "Professional Interests Among Teachers," and "Gulfard's" communication relative to bridging the Franklin Rail, read where it intersects the Waynesboro road, are laid over for next week. We have always thought there ought to be a bridge at the point designated by "Gulfard," and shall join him in insisting that there shall be one.

### Gov. Howe's Acceptance.

The following letter from "Hue" John Rown, accepting the Democratic nomination for Surveyor General, has just been published by the Chairman of the Committee:

GASSCASTLE, March 23, 1860.

Gasscastles—I have the honor to acknowledge the receipt of your communication of the 17th inst., informing me, officially, of my nomination for the office of Surveyor General, by the late Democratic State Convention.

The honor and the confidence thus conferred and expressed by a Convention of the Free State of Pennsylvania, together with all present possible interest in the cause of the Convention, would all constrain me, even were I differently disposed, to accept the nomination so unanimously tendered.

In this accepting, I only do what is necessary to state that I regard the issues raised upon the application of Kansas for admission under the Constitution as settled and entirely decided. That Article I. of the doctrine of Popular Sovereignty still remains important and prominent in the politics of our country. I want no better elementary principle of self government than that contained in the Kansas Nebraska act, that the people of a Territory, like the people of a state, should be permitted to decide for themselves upon the question of the existence of slavery within their own borders, subject only to the Constitution of the United States.

I have thought it well to say this much upon the leading question in the politics of the day, in order that there may be no misapprehension on the part of any.

Yours, very respectfully,

JOHN ROWN.

To R. A. Lumberton, H. B. Petrich, and Wm. H. Welsh, Esq's.

### COUNTY NEWS.

The regular April Term of Court was opened on Monday last. There was an unusually large concourse of people in attendance from all parts of the county.

The Special Session of Court held on the 17th inst., was rather summarily dismissed for want of an important witness absent at Pittsburgh. A few hours after the Court adjourned the witness arrived in town. The case was continued over until the August Term.

The people of this county must be of the phlegmatic temperament—not easily excited. We have a case to be tried before the present term of Court that would make the fortune of half a dozen blood and thunder city papers, and nobody here is the least excited about it. It is a case from Path Valley, in which an "unhappy wife," about a month after marriage, attempted to poison her husband by giving him Quicksilver!

The *Independent* says that about one-fourth of a mile of the "bone" of the Franklin Railroad has been disinterred. As the "bone" trade is going to be quite a business in this county, the supply from this source will be likely to meet all the demands for "bones" of that quality. By the bye, we notice the Tred Loamites wheeling these "bones" home in pretty liberal quantities; we presume they intend them for a bonfire when the *Independent*'s—our mortal enemy—conquers the presence of "the Times" and gives up the "Sparks."

There has been quite a number of hotel changes over this county this spring. Francis Northcroft has taken the "Sparta" lately kept by Mr. Schreiber, in Greenfield. Maria Shaeffer has the house kept by John Kelly in Greenville. Capt. Margenthal the "Globe Inn" and Francis Besdin the "Waynesboro Hotel" at that place. Mrs. Cecilia Park and Son took possession of the "Sparta Villa" Springs, on the 1st inst. There may be some other changes in regard to our public houses of which we have not been informed.

The *Waynesboro* Board is urging the importance of a railroad to, or through, that place, and bestows a few well deserved blows on the sleepy headed drudges in that region for their lack of enterprise. The *Advertiser* says:

"We want daily communication with the Boston papers by mail, instead of the present expensive arrangement. We want a sufficient number of physicians to Physician's Hall, or "Medical College," we want a reduced, but not less, rate of fares with the passenger and express companies, we want a corresponding, geographic division, and take the place of those who can at least five miles behind the age in which they live. If a man cannot afford to pay a fare from his 'individual bill,' we would gladly make the reduction, but that enhances the prospects of a "young and 'tired' stage," coming."

Any and every thing—of interest, educational, or otherwise—will receive a full and frank hearing in our columns. We are anxious to have our readers keep us posted on all the latest news from the South, and to have our friends in the South keep us posted on all the latest news from the North.

### LOCAL NEWS.

**MEMPHIS** (Tenn.)—*Advertiser*.—The last of last month we noticed bills in the papers of those indicted by grand jury, including the names of those, for whom we waited to name, one, and all, our general theme. Very many have paid no attention to our demand, and we would remind those that Court Week is at hand, and it will afford them a fine opportunity to call and settle their indebtedness, or send the money by some of their neighbors. We hope that none will sit tight under the necessity of sending up the second time. We want money—or rather others want money of us, and they say they never have it.

**Odd Fellow's Celebration.**—The members of "Columbia" and "Chambersburg" Lodges of Odd Fellows intended celebrating in an appropriate manner, on the 20th last, in this place the 40th anniversary of the establishment of Odd Fellowship in the United States. The Committee who have charge of the arrangements for the occasion are making every effort to get up a splendid demonstration. Prominent speakers in the Order have been invited, and neighboring Lodges invited to participate in the celebration.

**Mr. JOHN FINDLAY.**—An old resident of this place, and very well known over this country, died very suddenly on Friday last. He was in his usual health and was walking out near his residence when attacked by sudden illness, and on being carried into his house expired in a few moments. It is a rather singular coincidence that the sudden death of Mr. Walker, which we noticed a few weeks ago, happened in the same house in which Mr. Findlay died.

**AM Acknowledgment.**—The tone of the *Advertiser* is quite subdued on the Fry divorce case. It squarely admits that "Satan was behind the curtain," and that in condemning his article we were "repenting sin." We have some hope even for the "Moral" of the *Advertiser*, and that the "garb of righteousness" may not turn out a hypocritical cloak after all.

**Arrested.**—One of the young men engaged in the riotous outbreak, in this place, on Friday night last, was arrested in Carlisle and brought here and committed to jail. The whereabouts of the other four, engaged in the same disturbance, and for whose apprehension warrants are out, have not been ascertained.

**Re-appointed.**—A. H. McCallum, Esq., has been re-appointed Clerk and Teller Agent for the Cumberland Valley Railroad Company at this place. This is an excellent appointment and one which will give general satisfaction.

**Persons from the country, or neighboring towns, intending to travel over the Cumberland Valley Railroad, will observe that a change of hours, for starting, has been made, or they may miss the cars en route to town.**

**Slight Fire.**—The roof of the Franklin Hotel took fire on Tuesday last, from the breaking of a chimney in the rear of that building. Considerable alarm was created, but our Firemen were promptly on the spot and all danger averted.

**Accident.**—Mr. James Noel met with rather a severe injury, one evening of last week, by the Hovey Fire engine passing over his lower limb, while running to a fire.

**Honorable.**—Mr. David Eiler has removed his ready made Coffin ware room to Second Street, two doors south of the Associate Reformed Church. Mr. Eiler has purchased the right to manufacture and sell, in this country, Stow's Patent Folding Clothier's Rack, decidedly one of the most convenient articles of the kind ever invented. Mr. E. will also pay particular attention to repairing furniture in the best style and at reasonable prices.

**Who hath happiness?**—Who hath gladness? Who hath joy? Who hath growing business and full coffers? Who pays his notes promptly? Who gaineth the confidence and favor of men, and riseth surely to eminence? He that advertiseth liberally, he that through the journals of the day maketh himself and his business known! He hath chosen the part of Wisdom, and his riches and honors increase like the light of the morning. His shadow growth broad. His comeliness increases. His fame extendeth. His happiness endureth, and he is honored and blest of all men—particularly by printers!

**STO Invited by several hundred young men during the past fall and winter, for tailors, books, board, all expenses in full, at the Iron City College, Pittsburgh, Pa., has secured for a great majority of them employment this spring, at rates varying from \$40 to \$60 per month.**

**HYMNS OF THE AGES.**—Boston: Phillips, Sampson and Co.—1859. For Sale by Clark, Taylor and Smith, Chambersburg, Pa. This volume, is a selection of devotional poetry from the best sources, ancient and modern. It comprises, Hymns adapted to the several Festivals of the Church; Hymns, Anthems and Holy Lyrics appropriate to particular seasons of devotion, and Sacred Poems, less intimately related to ecclesiastical services, selected from both Catholic and Protestant writers.

The various qualities of genuine sacred poetry, are found in these *Hymns of the Ages*, in a remarkable measure; the energy and fire of original genius are fully blended with the simplicity of fervent piety, and a deep spiritual depth. From the whole vast range of Christian thought, experience and imagination,—from the fresh melodies lifted in the whispering air of the Christian Age,—down that long line of consecrated and inspiring singers, reaching back to the days of Orpheus,—from the harp and cithara, and high Calypsoe of the Greek and Roman mythology,—from the pure voices of Old England,—these voices of faith, are powerfully mingled with those of the Puritan and New England school.

**W. D. V. A. of Newville, having engaged and optioned, has taken a contract for supplying two hundred and fifty miles for the Leavenworth City and Piney Peak Improvement Company. Mr. E. S. Taylor, of this place, left here, about two weeks ago, to conduct this train of mules to Piney Peak.**

**Forney's People, Convention, at Harrisburg, to day, May 4th, will be a representative free from the camp.**

**It is the opinion of West.** for nearly married folks to send away with their marriage gifts the amount of \$100,000, which probably, of course, will be a reduction, but we would make the reduction, but that enhances the prospects of a "young and 'tired' stage," coming.

Any and every thing—of interest, educational, or otherwise—will receive a full and frank hearing in our columns. We are anxious to have our readers keep us posted on all the latest news from the South, and to have our friends in the South keep us posted on all the latest news from the North.
