The War News.

The past week has produced no very startling events, and yet il has been one of sigilificant importance. The rebels in strong force are beauged in their internelments at Yorktown by the army of Gen. McClellan. Froquent skirmining has for some days past been kept up with the enemy and dome heavy cannonaim, dering which quite a number were killed and wounded no both sides. Several of the enemy's guas were silenced and one of their forts catured. Gen. McClellan is in the field in person, and is surely but slowly drawing his anoxonida around the rebel intrendments, which will ere many days result in the total route and discombiner of the rebel army, or their capture en masse. Of this we feel assured. Other divisions of he army have been making important movements within the past week. (See McMercland Sparts, in Rockingham Co., Va., have been conjued by the footbed Gen.
