An instance is men-tioned in which the medical director, superintending a whole dirision, comsuperintening a wison crision, con-posed of sixteen regiments of minarry, one of evialry, and three batteries of artillery, declared that but one surgeon besides himself, our of thirty-five or forty, was a practical operator, the rest

"Tso thirds of the men in the army are Democrats, and the experience that they are getting is confirming them stronger in the old Democratic church. The gradual approach of Re-publicanism to Abclitonism has be-ome perfectly apparent to them, and if continued will erentually lead to re-tolation of our whole Government.— The men are outspoken in these senti-ments. I have melt with no officer or soldier, whether a Republican or De-mocrat, who does not say that the enancipation or abolitom of the sys-tem of silvery, is farthest from has desire or wishes."

It affords us much pleasure to make the following extract from a private letter, received a few days ago, from an officer high in command in my, and who has risked his life in more than one bloody battle to put down this rebellion against the Constitution and the Union:-

and the Union:—

The following account of an incient of the battle near Pittsbur anding is given by one who is enamed to vouch for its entire authent:

tity:
In the battle at Pittsberg Landin
young Martin Been, of Alton, Ill
nois, eacre 18 years old, was acgeant in the Thirteenth Missouri,
having entered the regiment as a pri
vate. On that fatal Sunday the col
or bearer was shot down at his side
he eaught up the fing and carried i
through the day, and slept that high
with its folds around him. The nex
morning his cantain amonisted him through the day, and sept that tags with its folds around him. The nex morning his captain appointed him second lieuteann pro temporer. The first volley killed the first lieutenant; and Martin took his place. Soon at ter the lieutenant colonel fell, and the castain of Martin's company acted a major, leaving this young hero to carry the company through the battle, which he did most gallandly, and exped unharmed. Young Martin Beem was in a printing office when the war broke out. He went to St. Louis and enlisted among the three mouths volunteers. At the expiration of that service he enlisted for the war. We may hear more from him ere the war is over.
